SMALL SHIP CRUISING WITH BEYOND TRAVEL

A small ship offers a completely different experience from the traditional cruise liner. They're a more refined, destination-focused alternative that allows you to experience Croatia the way it's meant to be explored – up close and personal.

WHY SMALL SHIP CRUISING?

Only 40 guests on board

Our small ships carry around 30-40 guests. That means a more relaxed on board atmosphere and genuine connections with fellow travellers, not crowds competing for space. Service also feels more personalised thanks to the helpful Cruise Manager who quickly knows you by name.

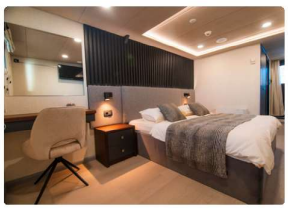

Ports the big ships can't access

Smaller vessels can dock closer to historic towns, secluded islands and lesser-known harbours. In destinations like Croatia, this often means stepping straight into the heart of a town rather than tendering in or bussing from industrial ports.

A slower, more immersive pace

Small ship itineraries are designed to savour the journey. While on board, you can enjoy locally inspired cuisine, open decks for coastal views and lounging, and a casual, boutique-hotel feel rather than large-scale entertainment schedules and dining rotations. Thanks to overnight port stays, you can linger over meals ashore, swim at local beaches and explore without feeling rushed.
